A normal working day

So much work today that I have been postponed, I feel overwhelmed.

Just two more days before leaving the state again for another 10 days trip. A deadline is coming, and more work is piling up. How can I deal with the pressure? How can I be better to provide for my Miracle? She probably does not want to put pressure on me, but I want to take care of her, and my family as well.

She told me today two days ago that she relish every moment that she was with me. That is precious.

Okay, back to work! I am determined to exceed the expectations of those who gave me this opportunity and ensure that I don't let them down.
